Client: Heavy Equipment Training
Title: "Make the Earth Move"
Length :60

Annncr: The roar of the engines...

(SFX: Big engine revving up/under)

You make the earth move. Your career is on track with Heavy Equipment Training.

Listen up: How'd you like a great paying career operating a "dozer" or a backhoe? Ever thought about controlling a high flying crane or driving a dump truck?

(Rock Music up/SFX: Engine revving low continue under...)

Heavy Equipment Training in nearby Woodland, Washington, has the "hands on" certification program you need to secure a *great* job and achieve success. Now's the time to *turn the key* of your new career...

(SFX: Engine ignition start up/revving engine under...)

...with a free phone call at 1-800-755-54-77 or hit our web site at Heavy Equipment Training Dot Com. Our all-pro staff will train you from top to bottom...and yes, we'll even help you with job placement. That's what we've been doing for guys like you for over 40 years. But hear this: we've got *limited openings*. Call Heavy Equipment Training now at 1-800-755-54-77 and get the details. That's 1-800-755-54-77.

(SFX: Engine Roar)
